

Sovereign is AI that runs an office's operating work — and waits for a named approver before anything consequential happens. It answers calls and texts, keeps records current, drafts communications and keeps the books. The AI proposes, a person approves, and every action and approval is written to a tamper-evident ledger.

CORE COMPETENCIES

- **Governed AI operations** — calls and texts answered and routed; records, follow-ups and outbound messages drafted and queued for approval.
- **Double-entry accounting** — trial balance, P&L and balance sheet, with entries proposed and approved, never posted silently.
- **Operational diagnostics** — a written one-week brief on an office's operations, from its own data.
- **Implementation** — deployment, integration over OAuth, and operator training.

CONTROLS

- **Propose → approve → execute.** Tiered actions; money, sending and deploys wait in a named person's queue.
- **Hash-chained ledger.** Altering any entry visibly breaks the chain.
- **Default-deny, fail-closed access.** The build fails if a route is left unguarded.
- **Isolation by construction.** No cross-tenant path exists; contract-tested 62 of 62.
- **No training on your data.** Specialists tuned on your traces stay in your environment and leave with you.

EXPERIENCE

Four unrelated founder-owned businesses run on the platform today. No federal past performance yet.

WHAT IS NOT TRUE YET

No FedRAMP authorization and no agency ATO. Not SOC 2 audited; no auditor engaged. No Section 508 conformance report published yet. No external customer yet.

COMPANY DATA

LEGAL NAME	SVRGN Inc.
ENTITY	Delaware C-corporation, incorporated 9 June 2026
LOCATION	Austin, Texas
OWNERSHIP	Founded and led by a service-disabled veteran. SBA SDVOSB certification follows its SAM registration, now in process.
SIZE	Small business
UEI / CAGE	SAM registration in process

CODES

NAICS	541511 (primary) 541512 · 518210 513210 · 541611 541715
PSC	DA10 · DA01

PRICING

DIAGNOSTIC	\$2,500 · one week
SPRINT	\$7,500
COMPLETE	\$1,499/mo 90-day minimum

Diagnostic and Sprint each priced as a single purchase under the federal micro-purchase threshold.
